Certificate of Biostatistics

13 April 2021

To whom it may concern

Title of Study: Long-term outcomes of complex high-risk percutaneous coronary interventions under extracorporeal membrane oxygenation support: an observational study

Chief investigator: Bo-yang Zhang,
Department of Medical Faculty
University Heidelberg, Heidelberg, Germany

This letter is to confirm that I have read the ethics application prepared for this study, and that in my opinion the statistical methods and techniques mentioned are appropriate for the research.

Please contact me if you have any queries.

Sincerely, 张博阳

Boyang Zhang
