

July 28, 2014

Dear Editor,

Please find enclosed the edited manuscript in Word format (file name: CM review WJC-11653-edited_Final.docx).

Title: Importance of Genetic Evaluation and Testing in Pediatric Cardiomyopathy

Author: Muhammad Tariq and Stephanie M. Ware

Name of Journal: *World Journal of cardiology*

ESPS Manuscript NO: 11653

We have revised the review in accordance with the suggestions of the reviewers and the editor. All changes to the document have been highlighted throughout the manuscript. We have made all the changes suggested by the editor including modification of the references. We have made the changes suggested by the reviewers including adding sections on ARVC and LVNC as well as a table of important genes. We appreciate the input and think the manuscript is improved as a result of incorporation of the comments.

Thank you again for considering our manuscript for publication in the *World Journal of Cardiology*.

Sincerely yours,

Stephanie M. Ware, MD, PhD
