

August 12, 2014

Dear Editor,

Please find enclosed the edited manuscript in Word format (file name: 12072-revised.doc).

**Title:** Pharmacological attenuation of chronic alcoholic pancreatitis induced hypersensitivity in rats

**Author:** Sabrina L. McIlwrath, Karin N. Westlund

**Name of Journal:** *World Journal of Gastroenterology*

**ESPS Manuscript NO:** 12072

The manuscript has been improved according to the suggestions of reviewers. All changes are highlighted in bright yellow:

1 The title must be informative, specific, and brief (Title should be no more than 10~12 words/60 bytes. Please revise it). Words should be chosen carefully for retrieval purposes. All nonfunctional words should be deleted, such as 'the', 'studies on', 'observations of', and 'roles of', etc.

**The title has been changed accordingly.**

2 **Senior author uses maiden name for scientific publications and married name for correspondence. There are only two authors of this article, Drs SL McIlwrath and Dr KN Westlund**

3 Please provide more detail address. Thank you!

**More information has been provided to the mailing address and the Fax number has also been given.**

4 An informative, structured abstracts of no less than 246 words should accompany each paper. Abstracts for original contributions should be structured into the following sections. AIM (no more than 20 words): Only the purpose should be included. Please write the aim in the form: "To investigate/study/...; METHODS (no less than 80 words); RESULTS (no less than 120 words): You should present P values where appropriate and must provide relevant data to illustrate how they were obtained, e.g.  $6.92 \pm 3.86$  vs  $3.61 \pm 1.67$ ,  $P < 0.001$ ; CONCLUSION (no more than 26 words).

**The abstract has been rewritten according to specifications.**

5 Core tip:(Please write a summary of less than 100 words to outline the most innovative and important arguments and core contents in your paper to attract readers.)

**A summary has been written and added to the front of the manuscript.**

6 All figures, tables and legends should not be in the main text. They should be put at the end of this paper

**All figure legends have been added to the end of the article, following the references.**

7 For the figures, decomposable figures are required. It means that the fonts and lines can be edited or moved.It can be made by ppt.

Please provide one total title. For example, Figure 1 Pathological changes of atrophic gastritis tissue before and after treatment. A: ...; B: ...; C: ...; D: ...; E: ...; F: ....

Please check across the text.

Please list and define all abbreviation appearing in the tables or figures. Please check across the text.

Thank you!

**All figures are saved in a single separate powerpoint file. Each figure is contained within a separate**

slide and labeled accordingly.

**A list of abbreviations follows the figure legends at the end of the manuscript.**

8 Indicate the number and character of observations and subjects. Identify statistical significance by superscripts in front of the probabilities ( $P$ ), e.g. <sup>a</sup> $P < 0.05$ , <sup>b</sup> $P < 0.01$  vs A; <sup>c</sup> $P < 0.05$ , <sup>d</sup> $P < 0.01$  vs B; etc

**The information is given in the figure legends and in the text.**

9-13 See figure 1

**See responses to comments 6-8.**

15 Please provide the references. Please add PubMed citation numbers and DOI citation to the reference list and list all authors. Please revise throughout. The author should provide the first page of the paper without PMID and DOI.

PMID (<http://www.ncbi.nlm.nih.gov/entrez/query.fcgi?db=PubMed>)

DOI (<http://www.crossref.org/SimpleTextQuery/>)

The format of all references should like "1". Thank you.

1 Falconi M, Plockinger U, Kwekkeboom DJ, Manfredi R, Korner M, Kvols L, Pape UF, Ricke J, Goretzki PE, Wildi S, Steinmuller T, Oberg K, Scoazec JY. Well-differentiated pancreatic nonfunctioning tumors/carcinoma. *Neuroendocrinology* 2006; 84: 196-211 [PMID: 17312380 DOI: 10.1159/000098012]

**The reference list has been added in the required format.**

Thank you again for publishing our manuscript in the *World Journal of Gastroenterology*.

Sincerely yours,

Karin Westlund High, Ph.D.
