To the
Editor-in-Chief
World Journal of Gastroenterology

Dear Editor,

Please find enclosed the edited manuscript in Word format (file name: 12121-Review.doc).

Title: Successful treatment of life-threatening bleeding from a duodenal posterior bulb peptic ulcer by an over-the-scope-clip.

Author: T. Brechmann, W. Schmiegel.

Name of Journal: World Journal of Gastroenterology

ESPS Manuscript NO: 12121

The manuscript has been improved according to the suggestions of reviewers:

1. The title has been changed.
2. We now more clearly pointed out that the patient did not take any medication and emphasized that he did not take any NSAIDs.
3. In the discussion we more clearly explained the challenges of using OTSC in the duodenum and pointed out the potential downsides.
4. We added that infection with *H. pylori* was proved by two different means and treated with French triple scheme.
5. We have improved the composition, eliminated word duplication, and went thoroughly through the grammar.
6. All numbers have been changed into correct format.
7. The format has been changed.

Thank you again for publishing our manuscript in the World Journal of Gastroenterology.

Sincerely yours,

Thorsten Brechmann
