

September 4, 2014

Dear Editor,

Title: HPV-related squamous cell carcinoma of the anal canal with papillary features

Authors: Marino E. Leon, MD, Rania Shamekh, MD, Domenico Coppola, MD

Name of Journal: *World Journal of Gastroenterology*

ESPS Manuscript NO: 12482

The manuscript has been improved according to the suggestions of reviewers:

- 1: Title was changed to meet the journal's requirements
- 2: We have provided the full names of each of the authors.
- 3 and 4: We have provided the postal codes.
- 5: We have included author contributions.
- 6: We have made the necessary changes to the corresponding author's information.
- 7 (W1): The Abstract was changed according to the journal's requirements.
- 8 (W2): The text was modified to reflect the reviewer's comments.
- 9 (W2): A "Comments" section was included as per the reviewer recommendation and as the journal's requirement.

I hope that these changes are sufficient for the final acceptance of the manuscript and I look forward to your comments.

Best Regards,

Domenico Coppola, MD
