September 11, 2014

Dear Editor,

Please find enclosed the edited manuscript in Word format (file name: 12904-review.doc).

**Title:** Anthrax: a disease of biowarfare and public health importance

**Author:** Ajay Kumar Goel

**Name of Journal:** *World Journal of Clinical Cases*

**ESPS Manuscript NO:** 12904

The manuscript has been modified as per suggestions of the reviewers:

1. Core tip of the manuscript included
2. Revision has been made according to the suggestions of the reviewer

### Reviewer 1

(1) **The first sentence of introduction section should be corrected as "Bacillus anthracis ... commonly found in soil of endemic areas"**

Ans: Sentence modified

(2) **Recently, another type of anthrax infection has been identified in heroin-injecting drug users in Europe. The term injectional anthrax was then coined to describe this new mode of infection. This new type of infection should be explained in the paper**

Ans: Sentence included in the revised manuscript with explanation of the term

### Reviewer 2

(1) **Some minor grammatical errors are found throughout the paper.**

Ans: Manuscript thoroughly checked and corrected for errors

- 3 References and typesetting were corrected as per the style of journal

Thank you again for publishing our manuscript in the *World Journal of Clinical Cases*.

Sincerely yours,

A handwritten signature in blue ink, appearing to read 'Ajay Goel'.
