

December 1, 2014

Dear Editor,

Please find enclosed the edited manuscript in Word format (Wagh Zenker's Revision Submitted)

**Title:** "Techniques and Efficacy of Flexible Endoscopic Therapy of Zenker's Diverticulum"

**Author:** Yaseen Perbtani, DO, Alejandro Suarez, MD; and Mihir S. Wagh, MD

**Name of Journal:** *World Journal of Gastrointestinal Endoscopy*

**ESPS Manuscript NO:** 13789

Revision has been made according to the suggestions of the reviewers and changes are highlighted in the revised attached manuscript.

Specifically,

(Reviewer 1):

We have added other techniques of myotomy such as POEM, and laser and stapler-assisted myotomy as a separate paragraph.

We have corrected the minor spelling errors: "eight → eighth" in second paragraph of Introduction, and "crycopharngeus → cricopharyngeus" in Method and techniques.

(Reviewer 2):

References have been corrected and re-formatted. Pubmed or doi ID has been included where required (except when not available due to the age of the article).

Thank you again for considering our manuscript in the *World Journal of Gastro intestinal Endoscopy*.

Sincerely yours,

Mihir S. Wagh, MD, FACC, FASGE.
