

Dear editor,

It is with pleasure to submit for publication our latest manuscript entitled 'Long-Term Survival Following Radiofrequency Ablation of Colorectal Liver Metastases; a Retrospective Study'. We did not include the ethics committee's approval document since the data collection of this study, based on local practice, did not require the approval of the local ethics committee.

Yours sincerely,

A handwritten signature in blue ink, appearing to read 'Niyi Simeon Babawale', with a stylized, cursive script.
