

## **RESPONSE LETTER:**

December 30, 2014.

Dear editor,

Please find enclosed the edited manuscript in Word format (file name: 14905-review.doc).

**Title:** Advances in the endoscopic management of pancreatic collections.

**Author:** David Ruiz-Clavijo, Belen González de la Higuera, Juan J Vila.

**Name of Journal:** World journal of Gastrointestinal Endoscopy.

**ESPS Manuscript NO:** 14905.

The manuscript has been improved according to the suggestions of reviewers:

### **1. Format has been updated.**

Firstly, I have added the title in section correspondence. On the other hand, I have added the section on conflict of interest where the authors disclose no conflict of interests regarding the content of the article.

### **2. Revision has been made according to the suggestions of the reviewer.**

I have corrected minor grammar and spelling errors found in the manuscript. All changes have been highlighted in red and the words or phrases removed have been crossed out. These crossed words should be removed from the manuscript.

Finally, I have checked the correct numbering of sub-figures A to D in the figure 1.

### **3. References and typesetting were corrected.**

I have removed the reference number 30 since it was duplicated. I have corrected the rest of bibliographic references according to this change.

Thank you again for considering publication of our manuscript in the World Journal of Gastrointestinal Endoscopy

I look forward to hearing from you.

Yours sincerely.
