October 9, 2013

Ethics Committee - research number: MD-13-13733-3

To: Yaron Ilan

The committee has reviewed your application entitled:

**The effect of soy extracts on the liver- and metabolic- functions in inflammatory models of liver diseases.**

and found it compatible with the standards for care and use of laboratory animals. Please note that any deviation from the approved procedures should be brought to approval by the committee.

Duration: From July 25, 2013 to July 25, 2017

Before you can start your research, please see the necessary steps you need to take at the following "Instruction for researchers after the application approval".

Please select from the document the instructions relevant to your research and comply.

Sincerely

Izhak Nussinovitch  
Chairman of the Committee
