

February 20, 2015

Dear Editor,

Please find enclosed the edited manuscript in Word format (file name: 15425.doc).

Title: Role of dietary polyphenols in the management of peptic ulcer

Author: Mohammad Hosein Farzaei, Mohammad Abdollahi, Roja Rahimi

Name of Journal: *World Journal of Gastroenterology*

ESPS Manuscript NO: 15425

The manuscript has been improved according to the suggestions of reviewers:

Reviewer 1:

I think this is a good but academic job. There is review of literature and no personal experience. If the journal accept review articles, this is an interesting work (may be he should focused on more extensive literature review).

No suggestion has been made by this reviewer.

Reviewer 2:

Thanks to authors for giving me an opportunity to review this interesting review. I have no doubt about contents of this article. This article is informative and well-organized. Please, summarize more in conclusion and perspectives section. Please, reformulate the style of manuscript according to the journal's style.

Conclusion has been edited according to reviewer's comment. Manuscript was reformulated according to the journal's style.

Thank you again for publishing our manuscript in the *World Journal of Gastroenterology*.

Sincerely yours,

Roja Rahimi, PharmD, PhD
