To Whom May It Concern

I hereby certify that the English language used in the manuscript entitled " Association of hepatocyte-derived growth factor receptor/caudal type homeobox 2 coexpression with mucosal regeneration in active ulcerative colitis" (Authors: Ferenc Sipos, Miklós Constantinovits, Gábor Valcz, Zsolt Tulassay, Györgyi Múzes, Journal: World Journal of Gastroenterology; ESPS No: 15654) is reliable and correct, and the language quality reaches at least "good (grade B)" level.

Budapest, 21 April, 2015.
