Dear Editor,

Please find enclosed the edited manuscript in Word format (file name: 15666-edited Journal Article.docx).

Title: A Systematic Review of Evidence for Different Treatment Settings in Anorexia Nervosa

Author: Sloane Madden, Phillipa Hay, Stephen Touyz

Name of Journal: *World Journal of Psychiatry*

ESPS Manuscript NO: 15666

The manuscript has been improved according to the suggestions of reviewers:

1 Editors comments have been responded to

- (1) Postcode added
- (2) Telephone and facsimile number added
- (3) As the paper was not basic or clinical research but a systematic review no biostatistics were used and no statement is included. Statistical analysis detailed in the methodology.
- (4) Conflict of interest statement moved in response to editors comment
- (5) As the paper is a systematic review not a basic research or clinical research study not data sharing statement has been included
- (6) A core tip has been added (97 words) and an audio file attached
- (7) Comment section added as requested (378 words)

2 Revision has been made according to the suggestions of the reviewer

- (1) Methods of analysis have been added to the search strategy in the methods section of the abstract:

"Trials were assessed for risk of bias and quality according to the Cochrane handbook by two authors (SM and PH) Data were extracted on trial quality, participant features and setting, main outcomes and attrition."

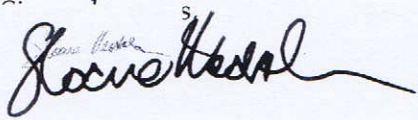

- (2) The full name of one abbreviation has been included in the Introduction, paragraph 2, line 9-10: obsessive compulsive disorder (OCD).

- (3) To clarify there is only one figure and one table in the review

.....

3 References and typesetting were corrected with PMID and DOI added where applicable and appropriate

Thank you again for considering our manuscript in the *World Journal of Psychiatry*

A handwritten signature in black ink, appearing to read 'Sloane Madden', with a long, sweeping horizontal line extending to the right.
