Dear Dr.Boktor,

The IRB determined that the proposed activity is not research involving human subjects as defined by DHHS and FDA regulations.

Further IRB review and approval by this organization is not required. This determination applies only to the activities described in this IRB submission and does not apply should any changes be made. If changes are made you must immediately contact the IRB about whether these activities are research involving humans in which the organization is engaged. You will also be required to submit a new request to the IRB for a determination.

If you have any questions, please contact the IRB Administrative Office at (318) 813-1350.

Sincerely,
IRB Administration
