

ANSWERING REVIEWERS

February 13, 2015

Dear Editor,

Please find enclosed the edited manuscript in Word format (file name: 16233-review.doc).

Title: Berberine inhibits hepatic gluconeogenesis *via* the LKB1-AMPK-TORC2 signaling pathway in streptozotocin-induced diabetic rats

Author: Shu-Jun Jiang, Hui Dong, Jing-Bin Li, Li-Jun Xu, Xin Zou, Kai-Fu Wang, Fu-Er Lu, Ping Yi

Name of Journal: *World Journal of Gastroenterology*

ESPS Manuscript NO: 16233

The manuscript has been improved according to the suggestions of reviewers:

1 Format has been updated

2 Revision has been made according to the suggestions of the reviewer

- (1) The ethics-related aspects of the research have been added.
- (2) A short title has been added.
- (3) The Ethics Committee approval has been added.
- (5) The comments have been added
- (4) The grammar mistakes have been corrected. In addition, I am so sorry I have already looked for a company to modify the manuscript before submitting to WJG. I hope you can understand I only provide a language certification of another company.
- (5) IHC method have been described in the text and magnification times have been added in Fig 6

Thank you again for publishing our manuscript in the *World Journal of Gastroenterology*.

Sincerely yours,

A handwritten signature in black ink, appearing to read '姜淑君' (Jiang Shu-Jun).
