The manuscript has been improved according to the suggestions of reviewers:

1 Format has been updated

2 Revision has been made according to the suggestions of the reviewer

(1) The manuscript had been edited by American Journal Experts (AJE) to improve its fluency

(2) To unify the HpSCs in plural form in text and figure

(3) To add the comments from the article published by Dusabineza et al, 2015 (Reference 27) in 2nd paragraph of Immunotherapy to strengthen the pivotal role of HpSCs in the cell therapy to protect the hepatocyte survival and homing.

(4) Minor changes:

Abstract:

Line 3: when → during

Line 4: protected → protecting

Line 4: are participated → participate

Line 9: obtained a hopeful effect → the results show that this technique may be promising

Core tip:

Line 6: HpSCs is → are
