**Re: ESPS Ms NO: 1780**

Dear Dr. Bonino,

The manuscript entitled "Hepatitis B or C viral infection and risk of pancreatic cancer: a meta-analysis of observational studies" (ESPS Ms NO: 1780) has been edited by a professional English native speaker in the COUP Team of the United States of America. We have more than 10 years experience serving professionals in various fields. The language evaluation was Grade A. I would like to recommend it as "priority publishing" in the *World Journal of Gastroenterology*.

Please do not hesitate to contact us if you have any questions.

Sincerely Yours,
