No: 0801-2-2223/12

Sarajevo, **29 October** 2012

TO THE DEANERY OF SARAJEVO UNIVERSITY FACULTY OF MEDICINE

The project proposal of the master's thesis research of Dr. Hajrunisa Ćubro titled "COST EFFECTIVENESS ANALYSIS OF THE TREATMENT IN A MEDICAL INTENSIVE CARE UNIT" was considered on XCI session of the Scientific Council of the Institute for Research and Development (IRD) of the SARAJEVO UNIVERSITY CLINICAL CENTRE on 22 October 2012.

The appointed delivered to the Institute for Research and Development of the SARAJEVO UNIVERSITY CLINICAL CENTRE all necessary data, (application of the proposal of the project, biography, agreement of the Ethical Committee of the SARAJEVO UNIVERSITY CLINICAL CENTRE, financial construction of the implementation of the project and the project of the master's thesis).

The academic advisors of the proposed project are Prof. dr. Rabija Somun-Kapetanović and Prof. dr. Ognjen Gajić.

The candidate Dr. Hajrunisa Ćubro, orally presented the project displaying all relevant data, after summary of the basic biographical data about the candidate presented by the advisor Prof. dr. Rabija Somun-Kapetanović. After discussion the members of the Scientific Council unanimously decided that the candidate met all the necessary prerequisites laid down for the application of the thesis.

The Scientific Council suggests to the Deanery to accept the project for conducting the master's thesis research and implement further procedure. It is enclosed the approval of the Ethical Committee of the SARAJEVO UNIVERSITY CLINICAL CENTRE that the research can be conducted.

Yours sincerely,

Signed in person
President of the Scientific Council
Prof. dr. Ismet Gavrankapetanović

Signed in person
Director of the IRD
Prof. dr. Ljiljana Oruč
