

**Biostatistics Statement:**

Results are presented as the mean  $\pm$  S.E.M. using statistical software (GraphPad-Prism 5.03, GraphPad Software, Inc., San Diego, CA). Statistical comparisons between groups were performed using Student's t test when comparing only two variables, and the analysis of variance (ANOVA) when comparing more than two groups. Student-Newman-Keuls test for posthoc analysis was used to further evaluate significant ANOVAs. Values were considered statistically significant at a P value less than 0.05.

A handwritten signature in black ink, appearing to read 'M. Crespo', is positioned above the printed name.

María J. Crespo Ph.D.
