Dear Editors:

We have revised our manuscript to address the two points raised by the reviewers. We have added an audio core tip (please see attached MP3 file) and have revised the two tables according to the table guidelines. The tables are now on separate pages and in a cell format.

Please ensure that both authors are included in the manuscript. The online submission website only has Ms. Julie Ha Thi Dang listed as an author not does not include Dr. Moon S. Chen Jr.
