

ANSWER for EDITORS and REVIEWERS

March 1st, 2013

Dear Editor,

Please find the enclosed, edited manuscript in Word format (file name: 1984-Review.doc).

Title: Polyarteritis nodosa diagnosed by surgically resected jejunal necrosis following acute abdomen

Author: Yuta Hiraïke, Makoto Kodaira, Munetaka Sano, Yasuyuki Terazawa, Shingo Yamagata, Syuzo Terada, Masaharu Ohura and Ken Kuriki

Name of Journal: *World Journal of Gastroenterology*

ESPS Manuscript NO: 1984

The manuscript has been improved according to the suggestions of the editor and the reviewer:

1. Abstract has been expanded and Core tip has been added, according to the suggestion of the editor.
2. Revision has been made according to the suggestion of the reviewer:
 - (1) Discussion about relationship between pathophysiology of intestinal ischemia and radiological findings, including recent advances of MRI as a possible modality to detect intestinal ischemia, has been added.
 - (2) In CT description, the phrases "swollen intestine" and "swollen jejunum" are changed to "bowel wall thickening".
3. According to the changes mentioned in 2. (1), references have been updated.
4. We provide original version of figure 4, which is in the format of excel file, according to the suggestion of the editor.

Thank you very much in advance if you could consider our manuscript for publication in the *World Journal of Gastroenterology*.

Sincerely yours,

Yuta Hiraïke, M.D.
