Approval of your research project is, therefore, granted from Feb. 11, 2015 to Feb. 10, 2016, and has determined that human subjects will be at risk.

According to Taiwan government's regulations and ICH-GCP guidelines, by the end of this period you may be asked to inform the Board on the status of your project. If this has not been completed, you may request to send status of progress report two months before the final date for renewed approval.

You are reminded that a change in protocol in this project requires its resubmission to the Board. Also, the principal investigator must report to the Chairman of the Research Ethics Committee promptly, and in writing, any unanticipated problems involving risks to the subjects or others, such as adverse reactions to biological drugs, radio-isotopes or to medical devices.
