

CONFLICT-OF-INTEREST STATEMENT

A conflict-of-interest statement is required for all article and study types. In the interests of transparency and helping reviewers to assess any potential bias in a study's design, interpretation of its results or presentation of its scientific/medical content, the Baishideng Publishing Group (BPG) requires all authors of each paper to declare any conflicting interests (including but not limited to commercial, personal, political, intellectual, or religious interests) in the title page that are related to the work submitted for consideration of publication. In addition, reviewers are required to indicate any potential conflicting interests they might have related to any particular paper they are asked to review, and a copy of signed statement should be provided to the BPG in PDF format.

Statement: All the authors [Rhonan Ferreira Silva, Ademir Franco, Fernando Picoli, Mayara Barbosa Viandelli Mundim and Livia Grazielle Rodrigues] state that they have no conflict of interest with the submitted manuscript.

A handwritten signature in blue ink, appearing to read 'Ademir Franco', is written over a faint, light blue rectangular stamp. The signature is cursive and slanted.
