

Dear Dr. Ya-Juan Ma,

Please find enclosed a new version of our manuscript entitled “Role of oats in celiac disease” (no. 20999) by Isabel Comino, M^ade Lourdes Moreno, and Carolina Sousa to be re-considered for publication in World Journal of Gastroenterology.

We thank the reviewers for the positive appreciation of our manuscript. We agree with of the comments made, and the present version of the manuscript has been changed in accordance with their suggestions:

1. As suggested, the paper has been revised by native English-speaking scientific experts from Filipodia Publishing, LLC. We have attached a language editing certificate, which will serve to verify that the language of the manuscript has reached Grade A.
2. Due to editing by native English-speaking scientific editor the number of words in the abstract and the core tip has increased. The abstract contains 221 words and the core tip contains 68.
3. We have included an Audio with the final core tip of the manuscript.
4. DOI and PMID numbers have been provided to the reference list and list all authors.
5. The title of the manuscript has been modified according to the native English editor suggested.

This manuscript has been seen and approved by all listed authors. We hope that this new version of the manuscript will be suitable for publication in World Journal of Gastroenterology. We thank you again for the opportunity to have a modified version of our manuscript reconsidered.

Awaiting your news,
Sincerely,

Carolina Sousa
