Re: Manuscript "Use of Automated Irrigation Pumps Improves Quality of Bowel Preparation for Colonoscopy"

To Whom It May Concern,

For our submitted manuscript, the statistical calculations were all performed by our first author, Dr. Sujan Ravi, who has received advanced training in biostatistics during his Master of Public Health (MPH) degree.

On behalf of the authors,

A handwritten signature in black ink that reads "Fadi Antaki, MD". The signature is written in a cursive, slightly slanted style.

Fadi Antaki, MD
