This communication serves as an attestation of the following:

1. the manuscript is not simultaneously being considered by other journals and is not already published elsewhere.
2. The manuscript has no redundancy, plagiarism, data fabrication, or falsification.
3. The authors have no conflict of interest related to the manuscript.
4. This is a review manuscript and appropriate references to published work have been made.
5. The authors agree to transfer to Baishideng Publishing Group Inc exclusive copyright ownership for all formats of the manuscript, including print and electronic formats, English and non-English language formats, and subsequent editions such as Erratum, in addition to all rights for (1) granting permission to republish or reprint the materials in whole or in part, with or without a fee, (2) printing copies for free distribution or for sale, and (3) republishing the materials in a compendium or in any other format.
6. The authors acknowledge that all articles published by Baishideng Publishing Group Inc are selected by an in-house editor and fully peer-reviewed by external reviewers. Baishideng Publishing Group Inc applies the Creative Commons Attribution Non Commercial (CC BY-NC 4.0) license, which permits others to distribute, remix, adapt, build upon this work non-commercially, and license their derivative works on different terms, provided the original work is properly cited and the use is non-commercial. See: <http://creativecommons.org/licenses/by-nc/4.0/>
7. The authors agree to publish the related documents (e.g. peer review report, answers to reviewers, CrossCheck report, signed copyright assignment, etc.) of the manuscripts at the same time that the manuscript is published online.
8. There are no errors in grammar, syntax, spelling, punctuation, or logic.
9. All figures and tables have been correctly placed and clearly identified, and meet the journal's standards of high-resolution quality.
10. The references are numbered according to their order of appearance in the main text of the manuscript.
