Name of Journal: *World Journal of Gastrointestinal Endoscopy*

ESPS Manuscript NO: 21804

Manuscript Type: REVIEW

Major comments

1. We emphasized the novelty of this review article in the Introduction section and references you cited were added.
2. The technique of "Endoscopic drainage of pancreatic fluid collection" was summarized as a flowchart, in a figure, as you requested.
3. Conflict of interest is stated at the end of the cover page.
4. We prefer not to add advantages and the disadvantages of each stent in Table 1-5 according to the authors experiences because we declared no conflict of interests.

Minor comments

1. Progresses in technique of stent insertion and metal stent deployment were briefly described in the Abstract, as you suggested.

English form was reviewed and corrected by a native English speaker.

I hope manuscript will be now accepted in its present form.

Benedetto Mangiavillano
