Hallo Herr Prof. Gwinner,

ich habe dieses Statement eben von Bill Mullen erhalten. Ich hoffe, dass dies ausreichend ist, den Anforderungen des Journals zu genügen.

Viele Grüße
Jochen Metzger

Dear Dr Metzger

I have read through your manuscript "Proteomics for rejection diagnosis in renal transplant patients: Where are we now?" and believe that grammar is of a standard that is suitable for publication in an English language journal.

As a Thomson-Reuters highly cited researcher I believe I have sufficient experience in manuscript production to make an informed judgement on this.

Best Regards
