Re: Manuscript NO: 21897-manuscript revision

Dear Editor,

We thank the Reviewers for thoughtful and constructive examination of our manuscript. We have addressed all the Reviewer's concerns in detail. Our responses to the Reviewer's comments are as follows:

1. The Biostatistics, Conflict of interest statement, data Sharing statement are added to the indicated fields.
2. The References links are in superscript brackets [xx].
3. The Core AudioTip is recorded.
4. The COMMENTS section is written and added.
5. Explication to Figure 1 is added.
6. DOI and PMID are added to all references, for non-PubMed citation the URL is added as well.
7. A Native English speaker proofread the manuscript.

Also, we would like to indicate, that Mr. Andrew C Hanson has withdrawn his authorship from the article because of limited contribution. His name is added to Acknowledgment Section as following:

Authors are grateful to Andrew C Hanson for his assistance and suggestions on preparing the manuscript for publication.

The list of authors is updated as appropriate.

With my best regards,

Vitaly Herasevich, MD, PhD
