

Dear Sir,

I have tried to answer your queries and include your suggestions in my manuscript. Please find a summary of changes made in response to your comments as follows. The changed sections have been highlighted in the manuscript as well, for easy reference.

1. City, Pincode and Country for hospital address were added in the list of authors.
2. Institutional Review Board statement is signed and attached.
3. Conflict of interest statement is signed and attached.
4. Data sharing statement:

Dear Sir, I checked on Dryad and it suggests that I wait for my submission to be accepted before I upload data on their website. As such, I will wait for further details from you before I can proceed with Dryad. Thanks!

5. Details of correspondence address, including street name and area of city are added.
6. Citations are removed from the Abstract and are referred to in the main part of the paper.
7. Audio core tip is provided with the submission.
8. Comments have been added with information on:
  1. Case characteristics
  2. Clinical diagnosis
  3. Differential diagnosis
  4. Laboratory diagnosis
  5. Imaging diagnosis
  6. Pathological diagnosis
  7. Treatment
  8. Related reports
  9. Term explanation
  10. Experiences and lessons
