

## Statement for limited statistical support

Date: October 30 2015

Re: **ESPS Manuscript NO:** 22955

**Title:** Identification of Factors Associated with Sedation Tolerance in 5000 Patients Undergoing Outpatient Colonoscopy: Canadian Tertiary Center Experience.

**Manuscript Type:** Retrospective Study

**Authors:** Alexandra Shingina, George Ou, Oliver Takach, Sigrid Svarta, Ricky Kwok, Jennifer Tong, Kate Donaldson, Joseph Frenette, Eric Lam and Robert Enns

**Received Date:** 2015-10-07 03:28:04

The statistical method of building prediction model described at the third paragraph of the statistical analysis section was reviewed by me under the assumption that no changes has been made in the final version of the manuscript.

I take no responsibility for the rest of the manuscript.

Sincerely,

Hong Qian
