Vein of Galen malformation in a neonate: A case report and review of endovascular management

Surasak Puvabanditsin, Rajeev Mehta, Kristy Palomares, Natalie Gengel, Christina Ferrucci-Da Silva, Sudipta Roychowdhury, Gaurav Gupta, Arun Kashyap, David Sorrentino

1. Abstract contains inadequate data and is not attractive. More details of the case might help.

Answer: We add details of the case to the abstract

2. Ref 4 might be in the wrong place and wrong style.

Answer: We correct the wrong reference

3. Page 5: multiple verb repeats

Answer: We delete extra verbs on page 5

4. Page 5: 'Doppler studies' is not a formal terminology for this study., Page 6: 'Lasix' as well.

Answer: We change the Doppler studies to Doppler sonography

We change lasix to furosemide

5. Page 7: please consider style consistency.

Answer: We correct it.

6. Figure 2 does not interest the reader and can be omitted.

Answer: We delete Figure 2

7. Discussion is a bit lengthy.

Answer: We shorten the discussion.
