The National Health Research & Ethics Committee (NHREC) of the Ministry of Health & Medical Services, Solomon Islands has deliberated on October 2014 and has approved your application to do research titled "Seroprevalence of Hepatitis B Surface Antigen in Pregnant Women Attending Antenatal Clinic in Honiara, Solomon Islands".

You are hereby granted permission to conduct your research in Solomon Islands as for 2014 to 2015. This approval is for the one-time conduction of your research and any amendments, repetition and/or extension of this research will need further NHREC approval. A progressive report is to be submitted to the committee for the duration of this approved term of research.
