## Certificate of English Editing

To whom it may concern,

This is to certify that the article entitled "Improved glucose metabolism following bariatric surgery is associated with increased circulating bile acid concentrations and remodeling of the gut microbiome", submitted for editing by Tomasz Śledziński, has been reviewed and edited for English language by Stiofán Ó Maoilbhreannain, a copyeditor experience in preparing academic works for the press and for journals.

S. Ó Maoilbhreannain
