

October 13, 2016

Dear Editor,

Please find enclosed the edited manuscript in Word format (file name: 30102-Review.docx).

Title: Serum levels of undercarboxylated osteocalcin are related to cardiovascular risk factors in patients with type 2 diabetes mellitus and healthy subjects

Authors: Sergio Sanchez-Enriquez, Isabel Thalia Ballesteros-Gonzalez, José Rafael Villafán-Bernal, Sara Pascoe-Gonzalez, Edgar Alfonso Rivera-Leon, Blanca Estela Bastidas-Ramirez, Jorge David Rivas-Carrillo, Juan Luis Alcalá-Zermeno, Juan Armendariz-Borunda, Iris Monserrat Llamas-Covarrubias, Abraham Zepeda-Moreno

Name of Journal: *World Journal of Diabetes*

ESPS Manuscript NO: 30102

The manuscript has been improved according to the suggestions of reviewers:

1. Format has been updated
2. Missing statements and comments were updated
3. Revision has been made according to the suggestions of the reviewer 00058872 from Italy
 - (1) The language has been polished
 - (2) We clarified the expression of the triglyceride values as median (range). See table 2.
 - (3) We emphasized the correlation between OC and diastolic blood pressure. See figure 1.
4. Revision has been made according to the suggestions of the reviewer 00506115 from Greece
 - (1) The language has been polished
 - (2) Introduction has been shortened
 - (3) Conclusions have been emphasized
5. References were corrected
6. The audio core tip was sent in a separate file (30102-Audio core tip.wav)

Thank you again for publishing our manuscript in the *World Journal of Diabetes*.

Sincerely yours,

Sergio SANCHEZ-ENRIQUEZ, MD, MSc, PhD.
