Retrospective Study

Use of volumetric laser endomicroscopy for dysplasia detection at the gastroesophageal junction and gastric cardia

Nina Gupta, Uzma Siddiqui, Irving Waxman, Christopher Chapman, Ann Koons, Vesta Valuckaite, Shu-Yuan Xiao, Namrata Setia, John Hart, Vani Konda

Abstract

AIM

To determine specific volumetric laser endomicroscopy (VLE) imaging features

Scholarly articles for The Use of Volumetric Laser Endomicroscopy for Dysplasia Detection at the GEJ and Gastric Cardia

... imaging of gastroesophageal biopsy samples by ... - Kang - Cited by 36

... ablation with **volumetric laser endomicroscopy** - Swager - Cited by 10

... , controlled trial of confocal **laser endomicroscopy** ... - Wallace - Cited by 37

Volumetric laser endomicroscopy can target neoplasia not detected by ...

www.ncbi.nlm.nih.gov/.../PMC4798840/ National Center for Biotechnology Information ▾
by AJ Trindade - 2016 - Related articles

Volumetric laser endomicroscopy (VLE) is a new endoscopic imaging tool that ... **gastric cardia**, intestinal metaplasia (IM), IM with **dysplasia** or cancer that can be ... It is our practice to use a 20-mm balloon catheter unless there is a stricture or ...

The new kid on the block for advanced imaging in Barrett's esophagus ...

www.ncbi.nlm.nih.gov/.../PMC4830110/ National Center for Biotechnology Information ▾
by AJ Trindade - 2016 - Related articles

Mar 21, 2016 - Advanced imaging techniques used in the management of Barrett's ... This implies that the current standard for **detecting dysplasia** is not ... **Volumetric laser endomicroscopy** (VLE) is a second-generation ... This allows a single scan to image the **gastric cardia**, the GE junction, and the distal esophagus.

Barrett's Esophagus: Emerging Knowledge and Management Strategies

www.ncbi.nlm.nih.gov/.../PMC33695... ▾ National Center for Biotechnology Information ▾
by A Bhardwaj - 2012 - Cited by 10 - Related articles

May 30, 2012 - Others consider GEJ as the distal end of the palisade vessels in the BE is usually **detected** on upper endoscopy for various indications, Also, IM of **gastric cardia** may be less likely to progress to **dysplasia** than true BE [120]. in 103 patients with BE and used supplemental Nd:YAG laser to ablate ...
