

Dear Yuan Qi

Thank you for accepting our letter for publication subject to changes. This letter details the changes that have been made. These are highlighted in the text which has been uploaded in its modified form.

The text has been amended to contain full names of all authors and we have provided the full address of our institution.

Campbell Jennifer Anne, Irvine Andrew, Hopper Andrew Derek

**Department of Gastroenterology, Royal Hallamshire Hospital, Glossop Road,
Sheffield, S10 2JF, United Kingdom**

The conflict of interest statement has been inserted and also signed and submitted online.

Conflict-of-interest statement: All authors are employed by Sheffield Teaching Hospitals NHS Foundation Trust. No funding was required for this study and there are no competing interests to declare.

The references have been amended to contain PMID and DOI in the format requested. The first page of reference 4 has been uploaded as it is a guideline and does not have a PMID.
