
Editorial Certification

Here it is certified that the manuscript described below has been edited for proper English language, grammar, punctuation, spelling, and overall style by highly qualified native English speaking professional editors at BiomedWorld.com. The manuscript receiving this certification should be English-ready for publication.

Manuscript title: Traditional Chinese herbs extracts that induce autophagy as a novel approach in therapy of nonalcoholic fatty liver disease

Date: Dec 10, 2016

Editor: 

Biomedworld.com is an international Editing company. We are proud of having more than one hundred professional English editors, professors, and research scientists with doctoral degrees from the world's top universities. Our editors come from almost every research area and possess the highest qualifications to edit manuscripts for non-native English speakers. For more information, please visit our website www.biomedworld.com or contact us by email at: info@biomedworld.com.
