RE: Feasibility of Pancreatectomy Following High-Dose Proton Therapy for Unresectable Pancreatic Cancer

Dear Dr. Ma:

Thank you for considering our manuscript for publication. We appreciate the comments from the reviewers and have revised our manuscript accordingly. We have attached our manuscript edited in response to the comments thoughtfully provided by three reviewers and your editorial staff.

Reviewers #1 and #2 had no suggestions.

We have added an additional table with patient details (now **Table 1**) in response to Reviewer #3's helpful suggestion.

Thank you again for considering our manuscript for publication. We look forward to hearing from you in the future.

Sincerely,

R. Charles Nichols, MD
