

Dear editors and reviewers,

We appreciate your constructive comments on our manuscript. We have carefully revised our manuscript entitled "ECRG2 enhances the anticancer effects of cisplatin in cisplatin-resistant esophageal cancer cells via up-regulation of p53 and down-regulation of PNCA (Manuscript NO: 31665)" according to the reviewers' comments. The revised points are marked in red color. We hope you are satisfied with our reply.

Reviewer 1,

1 The manuscript need some minor language editing. 2 Results are interesting and well discussed. 3 The figures are not so clear for print, such as fig 4. And for fig 5, it need an editing, the images are mixed up. 4 The references need to be updated.

Response:

1. Thanks for your suggestion. The manuscript has been checked and edited.
2. Thanks for your encouragement.
3. Thanks for your suggestion. We have checked and reedited the figures.
4. Thanks for your suggestion. We have updated the references. We have added PubMed citation numbers and DOI citation to the reference list and list all authors.

Reviewer 2,

Excellent study. After some minor revision of the language, it can be published in the journal.

Response:

Thanks for your suggestion. The manuscript has been checked and edited.
