Correspondence To: Lian-Sheng Ma Editor-in-chief World Journal of Cardiology December 2, 2016 Re: Original basic research manuscript submission Ms #03192175 (Invitation) Dear Editor-in-Chief and Members of the Editorial Board, Please find enclosed our original manuscript entitled "Dissection of Z-disc myopalladin gene network involved in the development of restrictive cardiomyopathy using system genetics approach" (Gu Q et al). We are grateful for the opportunity to have our work submitted and reviewed by experts in field of Cardiology for invited publication in the World Journal of Cardiology. Herein, we have demonstrated and emphasized novel unique genetic and genomic mechanisms that appear to be responsible for the development of phenotypically recognizable cardiac muscle disease or cardiomyopathy in mutant Myopalladin and BXD mice. We believe that our reserach is likely to open up new avenues in the continued search for novel genetic and genomics approaches in the hunting genetic causes in patients with cardiomyopathies. All research data are presented in the original version. We acknowledge that this paper is not under consideration elsewhere, none of the paper's contents have been previously published, and there are no conflicts of interest to disclose. The authors had full access to the data and take responsibility for its integrity. All authors have read and agree to the manuscript as written. Thank you for your invitation. Sincerely, Enkhsaikhan Purevjav, MD.
