### COMMENTS TO AUTHORS

This is an excellent review about the statin therapy in aortic stenosis. This manuscript is nicely structured and well written. I have one minor comment about this manuscript. Please consider the following comment. (Comment) 1. Page 7, line 6 The authors probably make a mistake. Correct "AS pregression" to "AS progression".

### COMMENTS TO AUTHORS

This is a straightforward and easy reading manuscript. All data are adequately presented, however, in order to improve the manuscript I suggest to add a graphic.

Minor comment: Page 7, please correct the word "pregression"
