Present and future of metastatic colorectal cancer treatment: a review of new candidate targets

Giulia Martini, Teresa Troiani, Claudia Cardone, Pietropaolo Vitiello, Vincenzo Sforza, Davide Ciardiello, Stefania Napolitano, Carminia Maria Della Corte, Floriana Morgillo, Antonio Raucci, Antonio Cuomo, Francesco Selvaggi, Fortunato Ciardiello, Erika Martinelli

Abstract

In the last two decades, great efforts have been made in the treatment of metastatic colorectal cancer (CRC) due to the approval of new target agents for cytotoxic drugs. Unfortunately, a large percentage of patients present with metastasis at the time of
