Name of Journal: *World Journal of Gastroenterology*

Manuscript NO: 34033

Manuscript Type: ORIGINAL ARTICLE

Basic Study

Protective effects of oral glutathione on fasting-induced intestinal atrophy through oxidative stress

Uchida K *et al.* Jejunal atrophic reduction by oral glutathione

Hiroyuki Uchida, Yukari Nakajima, Kazuo Ohtake, Junta Ito, Masahiko Morita, Ayako Kamimura, Jun Kobayashi

Abstract

AIM

To determine whether oral glutathione (GSH) administration can alleviate the effects of fasting-induced intestinal atrophy in the small intestinal mucosa.
