

Review Certificate

To whom it may concern:

This memo certifies that one of our clients has contracted our academic editing service for the following file.

Title of the paper:

Aberrant transforming growth factor- β 1 signalling contributes to the development of primary biliary cirrhosis in mouse models

Date of the review:

April 12-19, 2013

The English review was conducted using a two-stage process, in which a junior editor first reviewed the file, and then a senior editor conducted a final and more thorough review. All of our editors are native English-speaking professionals.

Documents receiving this certification should be English-ready for publication - however, the author has the ability to accept or reject our suggestions and changes.

We would like to emphasize that our service targets grammar and language edits. We do not rewrite the documents from scratch. If you are dissatisfied with specific revisions, please contact service@essaystar.com.
