Certificate of Biostatistics

To whom it may concern,

Title of the study: *Metabolic and hepatic effects of liraglutide, obeticholic acid and elafibranor in diet-induced obese mouse models of biopsy-confirmed nonalcoholic steatohepatitis*

The statistical methods of this study were reviewed and approved by a biostatistician of the Bioinformatics group at Gubra. This letter is to confirm the data handling, statistical methods and techniques indicated in the manuscript are appropriate for the research presented in the manuscript.

Sincerely,

A handwritten signature in blue ink, appearing to be "H. Hansen", with a stylized, cursive script.

Henrik Hansen, Principal Scientist, PhD
