Manuscript Type: ORIGINAL ARTICLE

Basic Study

Gene mutations in stool from gastric and colorectal neoplasia patients by next generation sequencing

Youssef O *et al.* Gene mutations in stool

Omar Youssef, Virinder Sarhadi, Homa Ehsan, Tom Böhling, Monika Carpelan-Holmström, Selja Koskensalo, Pauli Puolakkainen, Arto Kokkola, Sakari Knuutila

Abstract

AIM

To study cancer hotspot mutations by next generation sequencing (NGS) in stool DNA from patients with different gastrointestinal tract (GIT) neoplasms.
