Date of This Notification from IRB:10/14/2016
Review: Expedited
Termination Date: 10/13/2016
UM Federalwide Assurance: FWA00004969 (For the current FWA expiration date, please visit the [UM HRPP Webpage](#))
OHRP IRB Registration Number(s): IRB00001999

NOTICE OF IRB APPROVAL:

The IRBMED has reviewed and approved the termination of the study referenced above. Thank you for completing the scheduled continuing review (SCR) termination report.

AEs/ORIOs:

The IRB must continue to be informed of all unanticipated events, adverse events (AEs), and other reportable information and occurrences (ORIOs) that come to the attention of the study team. These include but are not limited to events and/or information that may have physical, psychological, social, legal, or economic impact on the research subjects.

SUBMITTING VIA eRESEARCH:

The online forms for AE/ORIO reporting can be accessed in the eResearch workspace (referenced above) for this approved study.

ACCESSING TERMINATED STUDIES IN eRESEARCH:

This study can now be accessed from the "Archived Studies" tab of the eResearch Home Workspace. It no longer appears under the "Approved Studies" tab.
