Retrospective Study

Impact of postoperative TNM stages after neoadjuvant therapy on prognosis of adenocarcinoma of the gastro-oesophageal junction tumours

Thomaschewski M *et al.* Prognosis of AEG TNM stages

Michael Thomaschewski, Richard Hummel, Ekaterina Petrova, Juliana Knief, Ulrich Friedrich Wellner, Dirk Bausch

Abstract

AIM

To compare prognostic relevance of postoperative tumour/node/metastasis (TMN) stages between patients with and without neoadjuvant treatment.
