

Certificate of Biostatistics

To whom it may concern.

By this letter I confirm that I have read the article by Sergey Morozov, Vasily Isakov, Mariya Konovalova titled '**Fiber-enriched diet helps to control symptoms and improves esophageal motility in NERD**' and checked for eligibility statistical methods used for study purposes.

In my opinion statistical methods and techniques are correct and appropriate for the mentioned research.

Please, contact me if you have any queries.

26-MAR-2018

Sincerely,

Elena Dvorova.

Statistician
